

**Grant Area District Library
Snow Removal Specifications*
Winter 2018 (Jan., Feb., Mar.)**

- ◆ Snow removal responsibilities include snowplowing of the driveway and parking lot after 3 or more inches of snowfall.
- ◆ The Library is open 6 days per week including 2 evenings which may at times require clearing snow from the driveway and parking lot more than once per day.
- ◆ Responsibilities also include shoveling or snow blowing all sidewalks.
- ◆ Applications of ice melt to the sidewalks and parking lot as necessary.
- ◆ Bids should include the cost of loader work if necessary to haul away excess snow from the premises (this work to be done by library's request).
- ◆ All bids must include proof of liability and workman's compensation insurance and license to plow in the City of Grant as required.

The Grant Area District Library reserves the right to reject any and all proposals, to waive any irregularities in any one proposal, or accept any proposal deemed in the best interest of GADL.

*Please cost out snow removal, ice melt and loader work individually as well as provide a total cost to the Library for the services. Please provide a snow removal cost both on a per plow basis and at a seasonal rate.
